

What is Universe?
And why are we here?
Our identity is Freedom,
our Vision of New World Order is SVITOLAD in Ukrainian
No more translation, just like it is SVITOLAD
What is Ukraine?
Ancient country, unknown, under shadow of Darkness

The country of the flower rising through ice again and ever.

Because She is the Sunny Flower

And we all are sons of the Sun

Not just of the star, but the very essence of the Sun

The very Essence of the Sun is to grant the Rhythm of Life for Planet Earth

The Ever Young Dana is very essence of the Earth is Pure life giving Water

In the very beginning of the Time, the Eternal Universal Consciousness descended to the Earth in very heart of the ancient land of Ukraine. It touched it at the Middle Way of the Great Dnipro river. At least, it is according to our ancient semi-forgotten legends. The very name “Ukraine” in original language means “The land devoted to the Sun”. So, we are intended for continuous fighting against Darkness of Evil, Ignorance and Lie (MOROK).

Light against Darkness.

SVITLO against MOROK.

And enemies of the Light try to distort the meaning of the words, make our history false, cut off our ancient roots as if to make us just primitive agricultural tribes. They have tried to annihilate us physically. The very soil of Ukraine is black in color and such fertile, because it is saturated by pure

blood of our ancestors who fought for Freedom. That is meaning of our black flag of that Middle Way of Dnipro River area - KHOLODNY YAR.

Freedom of Ukraine or Death is our motto when the Cruel Evil Enemy attacks us.

The Red is our Blood and Love for our Black Land. (Freedom and Ukraine is written there)

Freedom is our nature, granted by Eternal Universal Consciousness.

Death is not full annihilation; it is just an entry into new Life.

But slavery is not life. Slaves are not allowed to the Sky.

The Eternal Consciousness refines everything on the Earth from time to time, so our True Colors are Bright!

THE TIME HAS COME!

BLUE AND YELLOW, YELLOW AND BLUE ARE THE FREEDOM BRIGHT COLORS.
